**Can I leave the site once I arrive?** To keep your reserved space, camping units which leave the site must return prior to gates closing each night. Any vehicle leaving the campground must obtain a Return Pass for either a car/truck or a motorcycle. You cannot return to the campground without this pass. **Is there additional parking for extra vehicles?** Remote parking zones have been established for campers with an extra vehicle for an additional fee for the entire week or weekend. Parking zones are remote and may require you to use JITH shuttle buses. These lots operate under the same hours as the Campground gates. Camping is not permitted in these areas, and vehicles not displaying a Remote parking pass will be towed at the owner's expense. Vehicles with remote passes **will not** be permitted to enter the campgrounds.

**Is there campground security and first aid?** Campground hosts are located at each campground entrance. They are at your service 24 hours a day and have instant radio communications with the proper authorities. Additional security personnel are constantly roaming the grounds via cruiser or horse. Should you see any situation requiring attention, please bring it to the attention of security or your campground host. A 24 hour medical facility is located inside the concert area near Gate #1.

**Are there shuttles available?** Free shuttle service is provided for those campers parked in remote parking as well as Campgrounds D & E. Continuous shuttle service will be available during campground gate hours. All persons walking or riding the shuttle bus do so at their own risk.
